

The management and staff at Cottingham Hall appreciate all the support and cooperation shown to us throughout the year from all visitors and families.

Visiting Arrangements

Visits to the home no longer require an appointment. However, we would appreciate it if you made our staff aware when you were next thinking of visiting.

Events

We celebrated the new year by welcoming a new singer, Meesia, to Cottingham Hall. She thoroughly entertained all of our residents for the afternoon and had everyone singing along to her songs, old and new. We're hoping to have Meesia back to entertain us again during the year. We have also had the pleasure of Terry Megeary visiting us again. Terry is a regular to Cottingham Hall and our residents always enjoy dancing and singing to his music. To start the new year, we have already had visits from Little Einstein's nursery children, who sang nursery rhymes and songs to our residents and Endsleigh Holy Child school choir, who sang a number of hymns. The children also handed each resident a small decorated heart shape for Valentine's Day. These visits are very special and provide much needed upliftment and stimulation for our residents.

Future Events

Our diary is filling up nicely and we are looking forward to lots of interesting visits. The nurseries, who visit us regularly, are already booked in for lots of visits, along with Hull Vineyard Church and Cottingham Road Baptist church. We would like to take this opportunity to thank both churches for their continued support and for the kindness they have shown by sending each of our residents a Christmas gift.

We are all really looking forward to another visit from 'Furry Friends Animal Therapy' who will be bringing two of their miniature ponies, Buttercup and Daisy, to visit us. The benefits from these visits are outstanding as our residents interact well and get the chance to stroke the animals as well as brushing their hair. 'Sam's Safaris' will also be visiting us soon and bringing a selection of animals for our residents to look at, these include amphibians, reptiles and birds. They will also talk about each of the animals in turn and give our residents the opportunity to handle them if they wish.

On April 3rd, PWS Clothing will be visiting us. This is a diary date just to let you know if you are thinking of buying any new items of clothing for a family member. There will be a good selection of clothing for both ladies and gents. (If you would like a family member to purchase any item of clothing, could you please ensure that they have enough funds to cover this. Thank you).

Hairdresser

We have booked the hairdresser to come to the home on a Monday. This will be on a weekly basis.

Chiropodist

The chiropodist has also been booked to visit the home every 6 weeks.

If you would like a relative to be seen by either the hairdresser or the chiropodist, please ensure that funds are topped up to allow for this.
